

## Monthly Calendar of Projects

### *Creative Clothing for Fit and Style*

Please call for materials list,  
verify project scheduled, and let group leaders know  
you will be attending.

Do you want to sew garments, but they don't fit?  
We are here to help!

Join us for help with measuring, pattern choices to enhance your figure, sewing sisters that can make the whole job easier, and sharing what we have learned to achieve the perfect fit. Learn techniques, watch fitting videos, discuss the latest sewing books/patterns and why a pattern works or doesn't are just a few of the things we do. Below are a few pictures showing some of our learning experiences.

Last year we did a jacket challenge using the same pattern, but with our own unique color and embellishment choices. This year we are working toward completing garments for the Ten Year Anniversary Style Show in November. Join us!

Working with a sloper/  
muslin to show visually  
the need for a rounded  
back adjustment.

Measuring for rounded back  
adjustment to transfer to a  
paper pattern.

Shoulder slope and shoulder  
depth measurements are  
important for a  
proper fit.

*Laughs,  
Learns,  
Sew!*

Evaluating the wrinkles to  
determine fitting challenges.
